

LIST OF TABLES

Table 1.1:	List of conjugated polymer families and their derivatives.	9
Table 3.1:	Surface parameters for pristine PQT-12 and PQT-12/CdSe QDs composite films.	66
Table 3.2:	Electrical parameters of pristine PQT-12 and PQT-12/CdSe QDs composite based OTFT sensors under NH ₃ exposure.	71
Table 4.1:	Comparison of performance parameters of FTM and spin-coated PQT-12 based OTFT.	84
Table 4.2:	The FTM coated OTFT sensor performance parameters for ammonia gas.	88
Table 4.3:	Comparative list of sensing parameters of OTFT using FTM and spin-coating.	89
Table 4.4:	Comparative list of reported sensors for ammonia gas.	89
Table 5.1:	Surface parameters of spin-coated and FTM coated PQT-12 films.	99
Table 5.2:	OTFT parameters under dark and light illuminations.	104
Table 5.3:	Comparative list of the reported phototransistors.	104
