

List of Tables

| | | |
|-----|------------------------------------------------------------------------------------------------------------------|-----|
| 1.1 | Previous gesture selection methods | 16 |
| 1.2 | Previous feature extraction and classification methods | 17 |
| 3.1 | Sample questionnaire | 54 |
| 3.2 | Performance metric | 55 |
| 3.3 | Optimal gesture set | 56 |
| 3.4 | An example case | 57 |
| 3.5 | Popularity index calculation of class 1 gestures | 60 |
| 3.6 | Visualization matrix for alphabets and numbers | 64 |
| 4.1 | Illustration of classification rules. | 81 |
| 4.2 | Performance comparison with other hand gesture recognition systems. | 87 |
| 5.1 | Wrist point detection accuracy on ground truth skin mask of HGR1 database | 106 |
| 5.2 | Performance comparison of the skin segmentation & wrist point detection accuracy in real-life scenario | 108 |
