

## **ACKNOWLEDGEMENT**

---

It gives me immense pleasure and proud privilege to express my heartfelt gratitude and indebtedness to my Supervisor **Dr. Subir Das**, Associate Professor, Department of Mathematical Sciences, IIT (BHU) for his enthusiastic guidance, patience, continuous encouragement and for providing me the requisite facilities to carry out my doctoral research. His continuous support and assistance have indeed impetus my endeavors. Without his keen supervision and sagacious guidance it would not have been possible for me to complete the work. I especially thank him for introducing me to a very exciting and fruitful research field - Nonlinear Dynamics: chaos and its synchronization, sharing his vast knowledge and teaching me. I also learned from him which is much more than one could have expected from the supervisor.

I would like to express my sincere thanks to Head and Convener of DPGC of the Department of Mathematical Sciences for their valuable suggestions throughout my research work. I acknowledge my deep sense of gratitude to all Faculty Members of the Department of Mathematical Sciences and Members of RPEC for their valuable suggestions, appreciation and encouragement. I am also grateful to all non teaching staff members of the Department for their support.

I would also like to thank my seniors Dr. Mayank Srivastava, Dr. Saurabh Kumar Agrwal, Dr. Rajnesh Kumar, Dr. Vivek Mishra and Dr. Sana Parveen Ansari for their sincere help. I am thankful to all my colleague researchers Mr. Prashant Kumar Mishra, Mr. Neeraj Kumar Tripathi and Mr. Ajit Kumar Singh of the Department of Mathematical Sciences for providing spontaneous support during writing the thesis and also for keeping me in good spirits.
