
ACKNOWLEDGMENTS

I would like to take this opportunity to express my deepest and warmest gratitude to all the people who have contributed through their guidance, encouragement, inspiration, valuable knowledge, patience and kindness during my research work. Without their support, it was very difficult to achieve my goal.

*At this moment of accomplishment, first of all I express my whole hearted thanks to my supervisor, **Dr. Indrajit Sinha**, I owe my thanks for his enthusiastic, invaluable support, continuous encouragement throughout this research work. He always provides a motivating and enthusiastic atmosphere to work with, it was a great pleasure to do my research work and thesis under his supervision. His expertise, understanding and patience have added greatly to my research experience. I am also thankful for his assistance and guidance in improving my writing skills and for constant help by means of productive discussions, showing me how to improve the presentation of work, which will surely be helpful in the future also.*

*I would like to express my sincere gratitude to my co-supervisor, **Prof. R. K. Mandal**, invaluable guidance, encouraging solicited advice, ideas, stimulating discussions and removing any difficulty faced by me during the research. His ability to explain things clearly, paying attention to details, in-depth knowledge, dedication to quality of research, careful and critical reading of the research work and invaluable suggestions have greatly benefited me during my research work. His comments and suggestions would not only help to improve my research skills but also a great help to have deeper insight in future research.*
