It is very difficult to name all the sources of inspiration; moreover, words are often too feeble a mode of revealing one's sentiments and feelings of indebtedness. At the outset I would like to take this opportunity to express my deep sense of gratitude to my research supervisor Dr. Praveen Chandra Pandey for his insightful guidance, patience and constant encouragements during my entire research work. I would also like to acknowledge the funding agencies UGC, DST and MHRD of Government of India, for financial assistance in various forms.

Many others that have been involved also deserve recognition. It is however, not possible to list them all here. Their support in this effort is, however, greatly appreciated but this acknowledgement would be incomplete if the name of great visionary, Pt. Madan Mohan Malviyaji, is not mentioned, who made this divine centre of knowledge –Banaras Hindu University. Deepest regards to him. Last but not least, I wish to thank all my friends and foes and the persons whose names have not been included on this piece of paper for extending their cooperation directly or indirectly.

Finally, I am grateful to Almighty for giving me patience to make this endeavor a success.

Sincerely

(Bipin Kumar Singh)
