

## LIST OF TABLES

<b>Table 1.1:</b> Potential mechanical energy sources.....	4
<b>Table 1.2:</b> Natural and synthetic piezoelectric polymers.....	14
<b>Table 1.3:</b> Bio polymers used as piezo materials.....	15
<b>Table 1.4:</b> Thermal, Mechanical, Electrical and Piezoelectric properties of PVDF....	17
<b>Table 1.5:</b> Output voltage and power of the devices prepared by different polymers with fillers.....	21
<b>Table 1.6:</b> Output voltage and power of the devices prepared by PVDF and its hybrids.....	26
<b>Table 1.7:</b> Output voltage and power of the devices prepared by bio-waste or natural materials.....	28
<b>Table 6.1:</b> Composition of orange peel (on percent dry basis).....	94
<b>Table 6.2:</b> Proximate composition of pomegranate peel powder.....	105
