

List of Tables

2.1	Initial data for Riemann Problem	33
3.1	Numerical value of α with varying k_p at $a / s = 0.50$	60
3.2	Numerical value of α with varying k_p at $a / s = 0.75$	60
3.3	Numerical value of α with varying β at $a / s = 0.50$	60
3.4	Numerical value of α with varying β at $a / s = 0.75$	60
3.5	Numerical value of α with varying Ω at $a / s = 0.50$	60
3.6	Numerical value of α with varying Ω at $a / s = 0.75$	60
3.7	Value of function $f(\xi_s)$ for varying parameters of dust particles	66
