

List of Tables

Table No.	Table Content	Page No.
Table 2.1	Bond lengths and bond angles in compound (I)	51
Table 2.2	Bond lengths and bond angles in compound (III)	57
Table 2.3	Reaction of anthracene-maleic anhydride oxime (4) with DEAD and DMAD under conventional and microwave irradiations	61
Table 3.1	Effect of different solvents and catalysts on the yield of the product 3.1 under ultrasound irradiation	84
Table 4.1	Optimization of reaction conditions	115
Table 5.1	Optimization of solvent	141
Table 5.2	NaBH ₄ induced Reduction of amide 1	143
Table 6.1	Effect of solvents on the yield of the product 3a under conventional and ultrasound irradiation methods	167
Table 6.2	Effect of ultrasound energy on the yield of the product 3a	168
Table 6.3	Reaction of 1,2-diketones with 1,2-difunctionalized benzene/pyridine in water under ultrasound irradiation	170
