

Microstructural Evolution and Mechanical Properties of an Interstitial-Free Steel Processed by Equal-Channel Angular Pressing

THESIS SUBMITTED FOR THE DEGREE OF

Doctor of Philosophy
in
Metallurgical Engineering

Submitted by

Deepa Verma

Supervisor
Dr. R. Manna

Co-Supervisor
Prof. G.V.S. Sastry

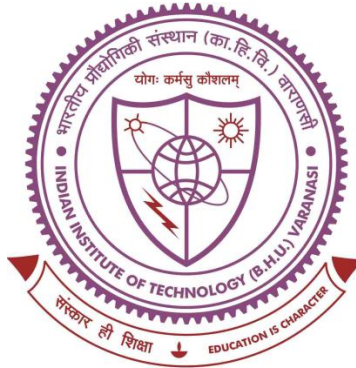

Department of Metallurgical Engineering
Indian Institute of Technology
(Banaras Hindu University)
Varanasi – 221005
India

Enrolment No. 318934

April 2016

Roll No. 9607EN001
