

Acknowledgement

*I would like to express my indebted thanks to my Supervisor **Dr. Neeraj Sharma**, for his invaluable guidance, and encouragement during the course of this thesis. His keen interest, patient hearing and constructive criticism have instilled in me the spirit of confidence to successfully complete this thesis. I am greatly indebted for his help throughout the thesis work, I could not have imagined having a better advisor and mentor for my Ph.D study.*

*Here, I take this opportunity to thank my Co-Supervisor **Dr. Lalit Mohan Aggarwal**, for his insightful guidance, comments, inexorable support, helpful and necessary advices. His willingness to offer me so much of his time and intellect is the major reason of this work, I have learned immensely from him. He taught me how to find direction in Ph.D thesis work, drill down to the essentials, and make a dissertation out of it. I am highly grateful to him for making my Ph.D thesis work such a smooth and rewarding experience. Thank you so much sir for your helpful advice and infinite support.*

*I convey my thanks to **Dr. Shiru Sharma**, School of Biomedical Engineering, IIT (BHU), Varanasi, for her valuable support & help in pursuing the research work successfully. I am also grateful to **Dr. S. K. Singh** from Department of Computer Science and Engineering, IIT (BHU) for his kind support and advices. I would like to acknowledge **Prof. Satyajit Pradhan**, **Prof. Ranjana Patnaik**, **Prof. Nira Misra**, **Dr. Sanjay Kr. Rai**, **Dr. Sanjeev Kr. Mahato** and **Dr. Abhijit Mandal** for their valuable supports.*

I extend my thanks to all my Senior, Junior and Colleague Fellow of Ph.D Dr. Md. Kowshik Chowdhury, Mr. Nishant Kumar Singh, Mr. Anuj Srivastava, Mr. Chandan, Mr. Kaushal, Mr. Jitendra, Ms. Hemlata, and Ms. Anuranjita for their valuable company throughout my research work,

*I express my special thanks to **Varian Medical Systems** for providing me the complex and detailed specifications of Varian Clinic 600 (unique performance model) linear accelerator needed for Monte Carlo simulation study.*

*The people, who instilled inspiring in my life are those who brought me up, nurtured and imparted me the real virtues of humanities, empathy and kindness. They are my real motivators who sacrifice in order to bring me to the present position and blessed me with their grace and affection. These people are none other than my beloved Mother **Late Usha Kiran** and my beloved **sister Divya Kajaria**. I pay my sincerest obeisance to them. Last, but not least, my head bows in paying obeisance to Almighty **Baba Viswanath** and **Mata Annapurna** who always bestowed upon me their kind blessing and showed me the path of right virtues.*

Ankit Kajaria
