List of Figures **xv**

List of Tables **xviii**

Symbols **xix**

Preface **xxii**

1 Introduction to singularly perturbed problems **1**

1.1 Parameter-robust numerical methods 2

1.2 Literature review on parameter-robust methods 3

1.2.1 Singularly perturbed parabolic reaction-diffusion problems . . 3

1.2.2 Singularly perturbed parabolic reaction-diffusion problems with time delay 4

1.2.3 Coupled systems of singularly perturbed parabolic reaction - diffusion problems 5

1.2.4 Singularly perturbed parabolic semilinear reaction- diffusion problems 6

1.3 Domain decomposition methods 7

1.4 Literature review on domain decomposition methods 8

1.5 Objectives 9

1.6 Organization of the thesis 10

2 A robust domain decomposition method for solving singularly perturbed parabolic reaction-diffusion problems with time delay **13**

2.1 A priori bounds 14

2.2 Domain decomposition method 16

2.3 Error analysis 18

2.4 Numerical results 25

2.5 Conclusions 29

3 A robust domain decomposition method for singularly perturbed parabolic semilinear reaction-diffusion problems **31**

3.1 Domain decomposition method 32
3.2 Error Analysis 34
3.3 Numerical Experiments 41
3.4 Conclusions 44

4 A robust domain decomposition method for singularly perturbed parabolic reaction-diffusion systems 45
4.1 Derivative bounds 46
4.2 Domain decomposition method 47
4.3 Error analysis 50
4.4 Numerical results 57
4.5 Conclusions 65

5 A robust domain decomposition method for singularly perturbed parabolic reaction-diffusion systems with time delay 67
5.1 Derivative bounds 68
5.2 Domain decomposition method 72
5.3 Error analysis 74
5.4 Numerical results 81
5.5 Conclusions 86

6 An improved robust domain decomposition method for singularly perturbed parabolic reaction-diffusion systems 87
6.1 Domain decomposition method 88
6.2 Error analysis 90
6.3 Numerical results 98
6.4 Conclusions 104
