

ACKNOWLEDGEMENTS

It is with great pleasure and felicity that I would like to express thanks to all people who have made this thesis possible.

First of all, I would like to thank my supervisors Dr. Rajesh Kumar, Professor, Department of Civil Engineering and Dr. Sasankasekhar Mandal, Professor, Department of Civil Engineering, Indian Institute of Technology (Banaras Hindu University) Varanasi. I feel privileged to express my deep sense of gratitude to my supervisors for their valuable guidance, endless support and constant encouragement throughout the course of my research work. Their truly scientific intuition and broad vision inspired and enriched my growth as a student and researcher. The critical comments, rendered by them during the discussions are deeply acknowledged. I humbly acknowledge a lifetime gratitude to them.

I would like to thank Prof. Veerendra Kumar, Department of Civil Engineering, Indian Institute of Technology (Banaras Hindu University) Varanasi, for his valuable guidance during the experimental work.

I would like to thank Prof. Prabhat Kumar Singh (Head), Department of Civil Engineering, Indian Institute of Technology (Banaras Hindu University) Varanasi, for encouraging me and provide me all facilities to carry out my research work.

I would also like to express my sincere thanks to RPEC member Prof. L. P. Singh, Department of Mathematical Sciences, Dr. P. R. Maiti, Associate Professor, Department of Civil Engineering and Dr. Anurag Ohri, Associate Professor, Department of Civil Engineering, Indian Institute of Technology (Banaras Hindu University) Varanasi, for their

stimulating help and criticism which incited me to widen my research from various perspectives through valuable inputs, suggestions and affectionate attitude.

I wish to express deep regards to all the teachers and Research Associates of Department of Civil Engineering, Indian Institute of Technology (Banaras Hindu University) Varanasi, for their kind support at all moments during the progress of my research.

I am grateful to my Laboratory Assistant, Department of Civil Engineering, Indian Institute of Technology (Banaras Hindu University) Varanasi, for the assistance extended by them time to time during this research work. I am also grateful to all Laboratory staff and all supporting staffs of Department of Civil Engineering, Indian Institute of Technology (Banaras Hindu University) Varanasi, for their assistance help in this research work.

I am grateful to all the office staff and authorities of Department of Civil Engineering, Indian Institute of Technology (Banaras Hindu University) Varanasi, for their kind help during the period of my stay to complete the thesis work.

I am thankful to my fellow friends Mr. Atul Kumar Rahul, Mr. Sujeet Kumar, Mr. Alok Ranjan, Mr. Chayan, Mr. Satya Prakash Murya and juniors for the thought-provoking discussions, for their support, cooperation and sincere help in many ways.

My parents have been my best mentors, preparing me for life in its various aspects. There are no words to express my gratitude for all the selfless efforts they made. I would like to thank my wife for her love, moral support and motivation during my research work.

I would like to thanks my brothers especially Mr. Raju Ranjan Kumar for their love, moral support, encouragement and motivation to get me through my Ph.D.

Finally, I bow with reverence and gratitude to thank the Almighty who has enriched me with such an excellent opportunity and infused the power in my mind to fulfill the work assigned to me.
