- [120] J. P. Tewari and S. K. Bhagat, "Simplification of discrete-time systems by improved Routh stability criterion via p-domain," *IE J. EL*, vol. 84, pp. 189–192, 2004.

List of Publications

Journals

- [1] **Amit Kumar Choudhary** and S.K. Nagar, “*Novel arrangement of Routh array for order reduction of z -domain uncertain system*”, *Systems Science & Control Engineering*, Vol.5, No.1, pp. 232-242, 2017.
(Published)
- [2] **Amit Kumar Choudhary** and S.K. Nagar, “*Model order reduction of interval discrete system based on Mikhailov stability criterion*”, *Journal of The Institution of Engineers (India): Series B*
(2nd Revision)
- [3] **Amit Kumar Choudhary** and S.K. Nagar, “*Non-computational Technique for Simplification of Uncertain Systems*”, *Journal of Uncertain Systems*
(2nd Revision)
- [4] **Amit Kumar Choudhary** and S.K. Nagar, “*An Advanced Routh Approximation Method for Order Reduction of Discrete-time Interval Systems And its Application in Electrical Engineering*”, *Iranian Journal of Science and Technology, Transactions of Electrical Engineering*
(Under Review)
- [5] **Amit Kumar Choudhary** and S.K. Nagar, “*Order Reduction of Discrete-time Interval System using an Arithmetic Operator*”, *IET Computers & Digital Techniques*
(Under Review)

Conferences

- [1] **Amit Kumar Choudhary** and S.K. Nagar, “*Simplification of Uncertain System to Their Approximate Model*”, *SIAM Conference on Uncertainty Quantification (UQ16)*, SwissTech Convention Center, EPFL Campus, Lausanne, Switzerland, April 5-8, 2016.
- [2] **Amit Kumar Choudhary** and S.K. Nagar, “*Revisiting Approximation Techniques to Reduce Order of Interval System*”, *Fourth International Conference on Advances In Control & Optimization Of Dynamical Systems (ACODS - 2016)*, National Institute of Technology, Tiruchirappalli, India, IFAC PaperOnline, Elsevier, pp. 241-246, February 1-5, 2016.
- [3] **Amit Kumar Choudhary** and S.K. Nagar, “*Application of Various Order Reduction Methodologies over Power System Components*”, *9th IFAC*

- Symposium on Control of Power and Energy Systems (CPES-15), IIT Delhi, India, IFAC PaperOnline, Elsevier, pp. 185-190. Dec. 9-11, 2015
- [4] **Amit Kumar Choudhary** and S.K. Nagar, “Order Reduction of Uncertain System using the Advantages of Two Varied Approximations”, Michael Faraday IET International Summit (MFIIS-2015), Kolkata, India, pp. 49-51, Sept. 12-13, 2015
- [5] **Amit Kumar Choudhary** and S.K. Nagar, “Direct Truncation Method for Order Reduction of Discrete Interval System”, IEEE INDICON-2013, IIT (Bombay), India, pp. 1-4, Dec.13-15, 2013.
- [6] **Amit Kumar Choudhary** and S.K. Nagar, “Gamma Delta Approximation for Reduction of Discrete Interval System”, International Conference on Advances in Recent Technologies in Electrical and Electronics (ARTEE-13), Bangalore, India, Elsevier, pp. 91-94, Sept. 20-21, 2013.
