
ACKNOWLEDGEMENTS

I take this opportunity to express my sincere thanks and gratitude beyond words to my supervisors, Prof. Sunil Mohan and Dr. C.K. Behera for their consistent help, encouragement and valuable discussions during the entire period of my research work. I would also like to express my deepest sense of gratitude to Dr. Anita Mohan, under whose able guidance the present research work was conceived. I would not have been able to complete the thesis without their utmost involvement and invaluable efforts. They motivated me to pursue research problem and the need for persistent effort to accomplish the goal. I am truly indebted to them. They are the real definition of a best teacher being friendly and behind for all problems of not only mine but all the students.

I sincerely thank Prof. N. K. Mukhopadhyay, Head of the Department of Metallurgical Engineering and the former Head Prof. R. K. Mandal for providing all the research facilities to successfully accomplish my research in the Department. Besides my supervisors, I would like to thank Prof. K.K. Singh, Department of Metallurgical Engineering, for his insightful comments and encouragement. I have deep sense of gratitude to Dr. G.S. Mahobia, Dr. Kaushik Chattopadhyay and all other faculty members of the Department of Metallurgical Engineering, IIT (BHU), for their cooperation and inspiration.

I am also thankful to Dr. Ranjan Singh, DMRL Hyderabad for valuable suggestions related to laser profiling.

I am thankful to my all seniors and friends Vikas Shivam, Vaibhav Pandey, Vivek Pandey, Dhananjay Pradhan, Manish Kr Singh, Subhash Ram, Anushri, Yagnesh, Sharvan, Rajkumar, Praveen, and Dhiraj for their constant encouragement and making joyful and memorable moments at IIT (BHU), Varanasi.

I am also thankful to all the lab staff and workshop staff specially Shri Sunil Ji, Mr. Balwant Ji, Shri Lalit Kumar Singh for transmission electron microscopy, Shri Ashok Kumar Ji for helping in scanning electron microscopy, Shri Kamlesh Ji, Shri Minz Ji and all the office staff. I would also like to extend my heartiest thanks to Prof. Rajiv Prakash (Prof.-in-charge, CIFIC) and his technical team especially Mr. Girish Sahu for providing the research facilities.

Last, but not the least, I would like to express my deepest gratitude to my family, my parents Mrs. Usha Mishra and Dr. Satyendra Mishra, for giving my life in the first place, for educating me, for their unconditional support and encouragement to pursue my interest. I would also like to thank my elder brother Mr. Anit Mishra and my sister-in-law Mrs. Arpita Mishra for their constant encouragement and support. I express my heartfelt appreciation to my niece Manasvi for keeping me in good cheer with her invigorating company.

I also wish to thank all my friends and the person whose names have not been mentioned to this piece of paper for extending their co-operation directly or indirectly.
