

LIST OF TABLES

2.1	Routh table for the first polynomial of $\Delta^1(s)$ example 2.1	24
2.2	Routh table for the second polynomial of $\Delta^2(s)$ example 2.1	24
2.3	Routh table for the third polynomial of $\Delta^3(s)$ example 2.1	24
2.4	Routh table for the fourth polynomial of $\Delta^4(s)$ example 2.1	24
2.5	Routh table for the first polynomial of $\Delta^1(s)$ example 2.2	25
2.6	Routh table for the second polynomial of $\Delta^2(s)$ example 2.2	25
2.7	Routh table for the third polynomial of $\Delta^3(s)$ example 2.2	26
2.8	Routh table for the fourth polynomial of $\Delta^4(s)$ example 2.2	26
2.9	Routh table for the first polynomial of $\Delta^1(s)$ example 2.3	27
2.10	Routh table for the second polynomial of $\Delta^2(s)$ example 2.3	27
2.11	Routh table for the third polynomial of $\Delta^3(s)$ example 2.3	27
2.12	Routh table for the fourth polynomial of $\Delta^4(s)$ example 2.3	27
2.13	Routh table for the first polynomial of $\Delta^1(s)$ example 2.4	28
2.14	Routh table for the second polynomial of $\Delta^2(s)$ example 2.4	29
2.15	Routh table for the third polynomial of $\Delta^3(s)$ example 2.4	29
2.16	Routh table for the fourth polynomial of $\Delta^4(s)$ example 2.4	29
2.17	Routh table for the first polynomial of $P_1(w)$ example 2.5	34
2.18	Routh table for the first polynomial of $P_2(w)$ example 2.5	35
2.19	Routh table for the first polynomial of $P_3(w)$ example 2.5	35
2.20	Routh table for the first polynomial of $P_4(w)$ example 2.5	35
2.21	Routh table for the first polynomial of $F_4(w)$ example 2.5	36
3.1	The Routh table for the denominator of the interval system	39

3.2	γ table	40
3.3	δ table	41
3.4	$[\gamma^-, \gamma^+]_-$ table	44
3.5	Direct Routh Approximation of example 3.1	46
3.6	Modified Routh Approximation of example 3.1	46
3.7	Modified Routh Approximation of example 3.2	47
3.8	Improved Modified Routh Approximation of example 3.3	49
4.1	Routh Table for numerator polynomial for method MCRA	53
4.2	Routh Table for numerator polynomial of example 4.1	58
4.3	Comparison of MCRAM and Existing Reduced Order Models of example 4.1	72
4.4	Alpha Table	74
4.5	Alpha table for denominator table	76
4.6	Comparison of DTFDM and Existing Reduced Order Models of example 4.1	86
4.7	α (Routh) table	88
4.8	β (Routh) table	89
4.9	Comparison of Reduced Order Models of example 4.2	91
4.10	Comparison of DTM and Existing Reduced Order Models of example 4.1	95
4.11	Comparison of DTFDM and Existing Reduced Order Models of example 4.1	101
4.12	Comparison of Differentiation Method and Existing Reduced Order Models of example 4.1	121
5.1	Modified Routh table	127
5.2	Denominator Table for Continues Time Interval Systems	132
5.3	Numerator Table for Continues Time Interval Systems	133
5.4	Modified Differentiation Method of example 5.1	139
5.5	Modified Schwarz Approximation of example 5.1	141
5.6	Modified Schwarz Approximation of example 5.2	144
5.7	Comparison of Methods	149

5.8	Construction of Denominator Array of example 5.3	150
5.9	Construction of Numerator Array of example 5.3	150
5.10	Comparison of Methods	155
5.11	Comparison of Reduced Order Models of example 5.3	156
6.1	Construction of α – table	161
6.2	Construction of β – table	162
6.3	Comparison of Error Index	166
