

## **ACKNOWLEDGMENT**

*First of all, I express my gratitude to “Almighty” and it’s “Divine Destiny” who has made everything possible so that today I can stand proudly with my head held high. Over the last five years as a Ph.D. student, I have learned great things not only about engineering and academics but about life, the truth, and the faith.*

*It is my pleasant duty that I must record my deep sense of thank and gratitude to all those who were associated with me and their collective efforts enabled me to compile this work.*

*It’s my privilege to express a deep sense of regard and respect to my supervisor, Dr. Pradeep Kumar, Associate Professor, Department of Chemical Engineering & Technology, IIT (BHU), Varanasi, India for allowing me to join his prestigious laboratory. I am highly obliged and thankful to him for providing me his illustrious guidance, expertise, encouragement, and wisdom to improve my research, academic writing, presentation skills, and futuristic vision, which enabled me to develop a better understanding of the subject and leads to successful completion.*

*I would like to acknowledge my sincere gratitude to “Prof A. K. Verma” (Professor, Department of Chemical Engineering & Technology) and “Prof. S.N. Upadhyay” (Emeritus Professor, Department of Chemical Engineering & Technology) for their kind guidance and constant encouragement throughout the project work. Their supervision, loving and disciplined way of work helped me at every step to accomplish this work. I am indebted to him for cultivating values and confidence in me.*

*I extend my sincerest thanks to “Prof. P.K. Mishra” (Internal Supervisor, Department of Chemical Engineering & Technology), “Prof V. K. Singh” (External Supervisor, Department of Ceramic Engineering), and “Dr. Chandan Upadhyay”(Associate Professor, School of Material Science and Technology) for their insightful advice and suggestions throughout the research. My sincere thanks to all respected faculty members of the Department of Chemical Engineering & Technology, IIT (BHU), Varanasi for their constant inspiration and valuable suggestions. I am also thankful to the Chemical Engineering Department for providing me essential research facilities. I extend my thanks to Mr. Chandlal, Mr. O. P. Patel, and other staff for their support and help during the research.*

*I am extremely thankful to Mr. Satyansh Singh for his valuable advice, constructive criticism, positive appreciation, and counsel throughout the course of the investigations which led to the successful completion of the research work. It was also a great pleasure to work with my fellow lab mates Ms. Poornima Pandey, Mr. Ravi Saini, Mr. Ahmed, and other colleagues, Mr. Shobhit Dixit, Mr. Gautam Kishore Gupta, Ms. Zeenat Arif, Mr. Naresh Sethy for giving me their valuable suggestions, encouragement and co-operative environment for work.*

*The sequence of acknowledgment would be incomplete without mentioning the love, care, and sacrifice of my loving parents and friends, who always stand with me and give me strength and encouragement during the pursuit of my career. I owe whole-heartedly thanks to someone special in my life, whose thought always brings a smile to my face during the tough moments in my entire journey of Ph.D. I owe my gratitude to all of them.*
