<b>Tables</b>	<b>Page No.</b>
Table 1.1 Advantages and disadvantages of various membrane synthesis methods.	19
Table 2.1 Literature review of membranes modification by nanofillers	44
Table 4.1 Composition of the membrane samples.	63
Table 4.2 Element weight percentage of membrane samples.	69
Table 4.3 Major peaks of membrane samples and alumina.	72
Table 4.4 Physical and mechanical properties of the membrane samples.	73
Table 5.1 Composition of the membrane samples.	88
Table 5.2 Element weight percentage of membrane samples.	92
Table 5.3 Major peaks of membrane samples and bentonite.	96
Table 5.4 Physical and mechanical properties of the membrane samples.	97
