

ACKNOWLEDGEMENT

*I bow my head with great reverence in the pious feet to the founder of this University, **Late Mahamana Pandit Madan Mohan Malviya** a man of great vision for creating such a wonderful and unique University, a temple of learning for thousands of students like me.*

*I bow my head before the feet of the “**Lord Shiva**”, the Almighty due to whose blessings I could be able to reach at this stage and feel anything in this earth could be possible only with the blessings of this invisible but omnipresent supreme force.*

*I deem it to be a rare opportunity and the proudest privilege of my life to express my profound sense of gratitude, sincere honour and veneration to my supervisor **Dr. Sanjay Kumar Rai**, Assistant Professor, School of Biomedical Engineering, Indian Institute of Technology (Banaras Hindu University) for his sagacious and benevolent guidance, constant encouragement, valuable suggestions, ever ready assistance, constructive criticism, keen interest and everlasting affection during the entire course of study and in preparation of this manuscript. I am really indebted to him for the affectionate care during the entire period.*

*My sincere thanks are due to **Associate Prof. Neeraj Sharma**, Coordinator of School of Biomedical Engineering, Indian Institute of Technology (Banaras Hindu University), for providing all the facilities to carry out my work smoothly.*

*I am equally thankful to my co-supervisors **Dr. Nilanjan Mallik** and **Dr. S. K. Panda**. Their in-depth knowledge, and guidance at each and every step of the work, enabled me to do this research.*

*The help and cooperation received from all the faculty members of the School of Biomedical Engineering **Prof. A. K. Ray**, **Prof. Nira Misra**, **Prof. (Mrs) Ranjana Patnaik**, **Dr. Shiru Sharma** and **Dr. Sanjeev Kumar Mahito** are gratefully acknowledged.*

*My special thanks to **Dr. Arnab Sarkar**, Mechanical Engineering Department, IIT, BHU, for his valuable suggestion, friendly behavior and continual help.*

I am thankful to the non-teaching staff of the School of Biomedical Engineering, for their help rendered in various ways.

*I wish to express my deepest thanks to my seniors especially **Dr. Sudip Paul**, and **Dr. Sharad Verma** and many others for supporting me during my Ph.D. to make my task easier.*

*I wish to express my deepest thanks to my colleagues and friends **Khemraj Sahu**, **Manvandra Kumar Singh**, **Nitin Maurya**, **Praveen Yadav**, **Chandrashekhher Singh**, **Naveen Jha**, **Sanjay Saxena**,*

Pradeeep Gulia, Jitendra Singh Verma and my juniors Mr. Munendra Singh, Mr. Raj Bahadur Singh, Mr. Gaurav Gugliani, Mr. Susheel Yadav, Amit Kumar Sharma and many more for supporting me during my Ph.D. to make my task easier. I wish to express my deepest thanks to my lab mate Ms. Rati for her support, encouragement and motivation in all my efforts during the course of my work.

I am speechless! I can barely find words to express all the wisdom, love and support given to me by my beloved parents, Mr. Nehru Singh, Mrs. Kalawati Singh and my beloved and cute sister Dr. Pooja Singh for their unconditional love, fidelity, endurance and encouragement. I express my deep gratitude for their love without which this work would not have been completed.

There are so many others whom I may have inadvertently left out and I sincerely thank all of them for their help.

I express my indebtedness to the number of patients who have allowed to access their computed tomographic data to carry out my research work.
