

ACKNOWLEDGEMENTS

During undertaking a Ph.D. degree, I have gained a lot of life-changing experiences, and it would not have been probable to do without the guidance and support that I have received from numerous people. So, it is a tough task to acknowledge all the persons who help to make this Ph.D. thesis with a few words. However, I will try my best to express my great appreciation to each person who has aided me emotionally and scientifically throughout this education.

I would like to thank God the almighty. Without his mercy will, I would not be able to find the correct path. His compassion is always with me thru my life, and ever a time in this study. I thank him for giving me strength and bravery to do this work.

I would like to enormously thank my supervisor **Dr. Pradip Kumar Roy**, for all the support, encouragement, valuable guidance, and gentle behavior throughout the study. His inspiring and excellent supervision was crucial for successfully completions this project. Without his constant feedback and insightful advice as a great teacher, this Ph.D. study would not have been possible.

Many thanks also to my Co-supervisor, **Prof. Ram Pyare**, for his valuable suggestions, motivation and even convinced me about some research objectives. His constant encouragement has been helped to drive this study. I am also grateful to my research progress evaluation committee (RPEC) members, **Dr. Manas Ranjan Majhi**, and **Dr. Rampada Manna**, for their kind co-operation and being my major advisors during this work. I would like to thank **Prof. Devendra Kumar** for his kindness and valuable suggestions. My special appreciation goes to **Prof. Vinay Kumar Singh**, Head of the Ceramic Engineering Department, for providing all the necessary facilities of the department. I owe a deep sense of gratitude to **Dr. Preetam Singh**, **Dr. Mohammad Imteyaz Ahmad**, **Dr. Santanu Das**, **Dr. Ashutosh Kumar Dubey**, **Dr. Kalyani Mohanta**, **Dr. Anil Kumar**, and **Dr. Akansha Dwivedi** for their keen interest on me at every stage of my research. Their prompt inspirations, timely suggestions with kindness, enthusiasm, and dynamism have enabled me to complete my study.

I thank **Prof. Rajeev Prakash**, In-Charge of Central Instrument Facility Centre (CIFC), IIT (BHU), and his team for providing all the characterization facilities. Without their support, the completion of this Ph.D. work would not be possible. I gratefully acknowledge

the **Ministry of Human Resource Development (MHRD), Government of India**, for the fellowship during the Ph.D. study.

I thank profusely to lab-mates, namely **Dr. Deepshikha Shekhawat, Ms. Priyanka Verma, Mr. Mukesh Suthar, Ms. Akansha Gupta, Mr. Vikash Ranjan, and Mr. Arijit Jana** for their kind help and co-operation throughout my study period. I want to acknowledge all my friends, seniors, and technical staff at IIT (BHU) for their support all the time. I have exceptionally thankful to my very good friends **Mr. Lakshya Mathur** and **Mr. Aman Bhardwaj**, for their scientific help and suggestions during this study. You guys have always been real friends!

আমি আমার পিতা শ্রী **সেখ সেকেন্দার আলি** ও মাতা শ্রীমতি **সায়রা বানু** কে কখনো ভুলতে পারবো না, যাদের সীমাহীন ভালোবাসা, মানসিক সমর্থন, অনুপ্রেরনা এবং আশীর্বাদ, যে গুলো আমার জীবনের প্রত্যেক টি পদক্ষেপে আমাকে আশ্বাস দেয়। আমি আমার এই কাজটি, আমার পিতা মাতা কে উৎসর্গ করতে চাই। আমার সেনেহ ধন্য ছোট ভাই **সেখ সুজান আলি** কেও কৃতজ্ঞতা জানাতে চাই তার নৌতিক সমর্থন এর জন্য। (I can never forget my parents **Mr. SK Sekendar Ali** and **Mrs. Saira Banu** whose boundless love, emotional support, constant inspiration, and blessings have provided me reassurance at every single step of life. I dedicate this work to my parents. I also express my gratitude to my loving brother **Mr. SK Sujan Ali** for moral support throughout my study).

Lastly, I would like to gratefully acknowledge **IIT (BHU), Varanasi**, for providing all the necessities during Ph.D.
