

ACKNOWLEDGEMENT

It is my greatest pleasure to have this opportunity to express my sincere appreciation to everyone who helped me during my Ph.D. program at the Indian Institute of Technology (Banaras Hindu University), Varanasi. First and foremost, I would like to thank my supervisor Prof. S. P. Singh and my co-supervisor Prof. D. N. Vishwakarma for their valuable guidance, encouragement and their paternal behaviour throughout the work. I express my sincere gratitude to my supervisors for providing necessary support and encouragement during the period of the progress of the research work.

I would like to express my appreciation to my research progress evaluation committee (RPEC) members, Prof. R. B. Mishra, and Dr. J. C. Pandey, for their kind cooperation and suggestions during the course of this work. I offer my special thanks to Prof. S. R. Mohanty for his valuable suggestions and encouragement.

I am thankful to all faculty members of the department, especially for their constructive suggestions. I especially, convey my gratitude to Prof. D. Singh, Prof. R. K. Mishra, Prof. M. K. Verma, and Prof. R. K. Pandey. I would like to sincerely thank to all the staff members of the department and library for their kind help whenever it was required.

I would like to thank my wonderful lab-mates for their stimulating discussions and creating a cheerful environment in the lab. I am very much thankful, especially, to Mr. Shailendra Singh, Mr. Vijay P. Babu, Mr. Sanjay Kumar, Mr. Sunil Kumar Singh, Dr. Satyendra Pratap Singh, Dr. Deepak Kumar Gupta, Mr. Alok Jain, and Ms. Sri Laxmi. I would also like to thank my juniors for their extended support. This thesis would not have been possible without the co-operation of my hostel friends Suruchi, Deepshikha, Preeti, Meenu, Akanksha, Sumedha, and Neera.

I offer my regards to my loving parents, Shri Sanjay Purwar and Mrs. Archana Purwar, whose love, teachings and blessings brought me this far. I salute you all for the selfless

love, care, pain and sacrifice you did to shape my life. I can never pay back the support given by my mother in-law Mrs. Sunita Gupta and father in-law Mr. R. P. Gupta, during the tough time of my course. Also, I express my thanks to my Sister in laws Ankita Gupta and Harshita Gupta for their support, encouragement, and valuable prayers. Thanks to my sister Aditi and my brother Kumar Vatsa for their selfless love, care and dedicated efforts which contributed a lot for completion of my thesis.

And most of all, I owe my deepest gratitude to my husband, Mr. Abhinav Gupta, for his affection, encouragement, understanding and patience. He helped me to keep things in perspective. I greatly value his contribution and deeply appreciate his belief in me. My thesis acknowledgement would be incomplete without thanking my little girl, Abhyanshi Gupta, whose smiling face always made me happy and inspired me. Having her midway during my Ph.D. was certainly not easy for me but she has made my life wonderful.

Lastly, I would like to thank Almighty, for having made everything possible by giving me strength and courage to do this work.
