

ACKNOWLEDGMENT

Purifying my inner self with the dust of lotus like feet of my spiritual master (Brahmalin Samarth Guru Param Sant Shri. Dr. Chaturbhuj Sahay Jee), I describe the shine glory of raghuwar Shri Ram which gives us four-fold fruits: duty, money, desire and salvation. Fully aware of the deficiency of my intelligence, I concentrate my attention on Saint Sai Baba which impart me intelligent, strength and education (true knowledge) to relieve me from all blemishes that causes pain and removes all kinds of impurities whatever inside us.

With deep regards and profound respect, I use this opportunity to express my deep sense of gratitude to my supervisor Dr. Om Prakash Singh for providing support and guidance during the critical phases of the thesis. I express my sincere gratitude for his cordial assistance and providing me top class research environment and facilities without which the research work was almost impossible. He has given me a lot of companions in a bad time also. It's my good luck that I got an opportunity to work under him and able to submit my Ph.D. thesis. Sometimes, I used to feel a little bit scared while doing research but his guidance highlighted my goodness and speed up my Ph.D. work. Therefore, I bow down to my supervisor for his sea of graces and blessings that can never be forgotten in future. I would also like to express my deepest gratitude to my co-supervisor Dr. Bhupendra Singh for his valuable suggestion and guidance.

I express my sincere and honest gratitude to present head Prof. A. P. Harsha and former head Prof. A. K. Jha for their cordial support and inspiration. I also thank the

former mentor Prof. S. K. Shukla for allowing me to take measurements on gasifier system and other instruments.

I would also like to give my special thanks to I.C. engine lab staff and workers for their assistant and support during the years of my study and research. I acknowledge the cultural and spiritual environment of Varanasi for their mental support. I also acknowledge the importance of my friends and research scholars for their kindness and sharing their happiness and sorrow during my research work.

Finally, my most sincere and very heartfelt respect to my father, Late Shri Sharda Din and mother, Late Smt. Asha for their sacrifice and unconditional care in my life to make my self-worthy. I'd like to give my wholehearted thanks to my wife, Smt. Sita Devi, for her support. Without her, I would not have been able to serve my mother. Finally, I am thankful to each and every person who helped and supported me during this research endeavour. My God bestow health and happiness to all of them.

Sunil Kumar
Research scholar
