

ACKNOWLEDGEMENT

*It has been an honour and privilege for me to have worked with **Prof. Nira Misra**, School of Biomedical Engineering, Indian Institute of Technology (BHU), Varanasi, one of the most revered and illustrious personality in the research community. I express my irredeemable depth of gratitude, indebtedness and obligation for her critical and enthusiastic guidance, inspiration and inexhaustible encouragement throughout my Ph.D tenure.*

It would have been nearly infelicitous to compile this research without her who consecrated me with her keen attributes and scientific approach, valuable suggestions and helped me all the time of research and writing of this thesis. I had successfully overcome many difficulties and learned a lot. Whenever, I was in hard time, I found her with me. Her unflinching courage and conviction will always inspire me and I hope to continue to work with her noble thoughts.

I am also extremely indebted to the Coordinator Prof. Amit Kumar Ray, School of Biomedical Engineering, Indian Institute of Technology (BHU), Varanasi for providing necessary infrastructure and resources to accomplish my research work. I warmly thank Dr. Sanjeev Kumar Mahto for his valuable advice, constructive criticism and his extensive discussion around my work. I extend my sincere gratitude to Prof. Ranjana Patnaik. Dr. Neeraj Sharma, Dr. Shiru Sharma, Dr. Sanjay Kumar Rai and Dr. Somdeb Bose Dasgupta for their excellent support and constant encouragement during this doctoral work.

Most of the result described in this thesis would not have been obtained without the collaboration with some laboratories. I owe a great deal of appreciation and gratitude to Prof. Pralay Maiti, School of Material Science & Technology IIT-(BHU), for FTIR, TGA and UTM studies. I am highly obliged to Dr. Partha Roy, Department of Biotechnology, IIT Roorkee for helping me to perform in vitro cell culture studies. I am also thankful to Prof. Biswajit Ray, Department of Chemistry, Faculty of Science, BHU, for NMR studies. I express my sincere thanks to Senior Research Officer, Dr. Santosh Kumar Singh, Centre for Experimental Studies and Medicine, Institute of Medical Science, BHU for performing blood biocompatibility

facility. I am indebted to Dr. Mukul Gupta, UGC-DAE Consortium for Scientific Research, Indore for my XRD studies.

I express my thanks to office and technical staff of School of Biomedical Engineering, IIT-(BHU), especially Mr. Bharat Vishwakarma, Mr. Anuj Kumar, Mr. Kishori Lal, Mr. Parmatma, Mr. S.P, Sharma, M. Sanjay Mishra, Mr. Suresh, Mr. Ajay and Mr. Sharan.

I heartily acknowledge the invaluable cooperation and timely suggestions of my seniors Dr. Shilpa Jaiswal and Dr. Govinda Kapusetti for providing me a conducive environment to carry out my research work.

My Acknowledgement will remain incomplete without recognizing admirable support of Ms. Divya Somvanshi, my friend cum roommate for her voluble discussion, friendly co-operation, help and warm companionship and giving me sweet memories in hostel, personal front as well as research area. I could not forget that wonderful time when we were together, her suggestion regarding paper writing, conferences and developing research ideas. I am indebted to some of my other hostel mates Ms. Punita Mouraya, Ms. Anupama Mishra and Mrs. Sarita Yadav for their valuable help and support.

I owe my sincere thanks to all my colleagues and juniors Mr. Kalyan Ramesh, Mr. Koushik, Dr. Subodh, Mr. Sanjay, Mr. Nishant, Ms. Anuranjeeta, Mr. Ankit, Mr. Vignesh, Mr. Koushal, Ms. Hemlata, Mr. Jitendra, Ms. Priya, Mr. Ritic, Mr. Arun, Mr. Amit, Mr. Rajesh and Mr. Snehashis.

I want to acknowledge my younger brother's friend Er. Anupam Singh, Who firstly introduce the Varanasi to bring the Ph.D. form in short period of time. I take this opportunity to sincerely acknowledge the MHRD, Govt. of India, New Delhi for providing teaching assistantship in the form of Senior Research Fellowship which buttressed me to perform my work comfortably.

*The people, who instilled inspiring in my life are those who bought me up, nurtured and imparted me the real virtues of humanities, empathy and kindness. They are my real motivators who sacrifice in order to bring me to the present position and blessed me with their grace and affection. These people are none other than my beloved parents **Sh. Karan Singh** and **Smt. Pushpa** and paternal grandparents **Sh. Sukhan Singh** and **Smt. Murty Devi**, and maternal grandparents **Sh. Raghavar Dayal** and **Smt. Sona Devi**. I pay my sincerest obeisance to them. I am invariably full short of words for the support, love and encouragement rendered by my younger*

brothers **Er. Hitesh Singh and Er. Vivek Singh**, younger sister **Er. Astha Singh**. My family has allowed me to realize my own potential. All the support they have provided me over the years was the greatest gift anyone has ever given me. Who taught me the value of hard work and an education. Without them, I may never have reached to where I am today.

Special thanks-

It's my fortune to gratefully acknowledge the support of a special individual. Words fail me to express my appreciation for my dear husband, **Mr. Sangarsh**, for his continued, and enduring love, support and for believing in me long after I had lost belief in myself, and for sharing my wish to reach the goal of completing this task, but caring enough to love me even if I never achieved it. A journey is easier when you travel together. Interdependence is certainly more valuable than independence. He was always beside me during my happy and hard moments to push me and motivate me. Thank you doesn't seem sufficient but it is said with appreciation and respect to my husband for his support, encouragement, care, understanding and precious friendship.

This acknowledgement would be incomplete if the name of great visionary Bharat ratna Pt. Madan Mohan Malviyaji, is not mentioned, who made this divine centre of knowledge. Deepest regards to him.

Last not least, I thank from the inner heart of my soul to lord almighty, the merciful and gracious "**Kashi Vishvanath**" who always bestowed upon me their kind blessing and showed me the path of right virtues.

Monika
