

## LIST OF TABLES

<b>Table No.</b>	<b>Table Details</b>	<b>Page No.</b>
Table 1.1	Comparisons of Organic Vs Inorganic Electronics	3
Table 1.2	Comparisons between Organic and Inorganic Semiconductors	6
Table 1.3	Comparison between OFETs and conventional FETs	20
Table 1.4	Improvement in Field-effect Mobility of OFET since starting (1083) to recent (2014)	22
Table 4.1	Effect of graphene concentrations on the key performance parameters of P3HT/Graphene based OFETs	77
Table 5.1	Comparison between performance parameters of P3HT solution and P3HT-nanofibers based FETs	90
Table 6.1	Performance parameters of all fabricated transistors discussed in this chapter	101
