I would like to express my immense gratitude to my supervisor Prof P. K. Jain, who has not only given me a platform to work on my favorite research topic but also through his sheer dedication, patience, stimulating suggestions and serene discussions, motivated me to improve my work and come up with different ideas. The completion of this thesis would not be possible without his guidance and persistent help during my research work. His fatherly nature is the source of my inspiration and was the driving force which keeps me always on right track to achieve my goal. Thanks sir! for making my life meaningful on this planet.

I would like to express my special thanks to Ms. M. V. Swati, Ms. Gargi Dixit, Dr. M. Thottappan, Mr. Amit Arora, Mr. Manpuran Mahto, Mr. Siva, Mr. Rajan, Mr. Anshu, Mr. Vikram, Mr. Arjun, and Mr. Akhilendra for giving me continuous support and for creating a friendly and happy environment needed for completing this research work. I would like to express my deep appreciation to my friend Mr. Pradutt Kumar Bharti, who has been a source of strength and still remain an invaluable asset to me and helped me in every phase of my life during the last five years. I wish to extend my acknowledgement to my senior colleagues Dr. Ashutosh, Dr. Smrity Dwivedi, Dr. Shivendra Maurya and Dr. R. K. Gangwar for their valuable assistance. I would like to thank to Mr. Rupendra, Ms. Preeti, Ravi Chandra B., Mr. Sukhwinder, Mr. Pradeep, Mr. Sunny, Mr. Santosh and all M. Tech. Students, who have helped me completing this work in any way.

My thanks and appreciations also go to all staff members of CRMT, for their excellent coordination in providing technical and logistic support. My special thanks to Mr. Rajesh Kr. Rai and Achal Kr. Srivastava for their kind co-operation and encouragement during my whole PhD work. I am also thankful to Dr. L. M. Joshi, Scientist 'G', CEERI, Pilani who cultivated my interest in microwave tubes especially in klystrons during my one year stay at CEERI.

I have a deep appreciation for my brothers Jeet Kumar and Pradeep Kumar for providing me enormous moral support. I am very much thankful to my wife Preeti and daughter Tamanna for their love and continuous support. Finally, I wish to thank my parents, and my grandparents. I wish to express indebtedness to them, for their unconditional love, extreme patience and constant supports over the years. From the core of my heart, I dedicate this thesis to my parents.
