About the Author

Ahin Banerjee, born on 31st December, 1989, received his Bachelor of Technology Degree in Mechanical Engineering from West Bengal University of Technology, West Bengal, India (now MAKAUT) and Master of Technology degree in Mechanical Engineering from Kalyani Government Engineering College, West Bengal, India. After that, he joined the Ph.D. programme at Civil Engineering Department, Indian Institute of Technology (Banaras Hindu University), Varanasi, India. In addition to his Ph.D. work he has to years of research experience in the field on Building Aerodynamics. During his Ph.D. he has completed a one year of Research Internship at the Engineering Research Centre TATA Motors in Advanced Engineering Division at Pune. He has also got several publications to his credit.
