List of abbreviations and symbols	
List of tables	
List of figures	
Preface	
CHAPTER 1: Introduction	1–8
CHAPTER 2: Literature review	9–32
CHAPTER 3: Synthesis of high alumina cements by gel trapped co-precipitation process and their implementation as castables	33–60
CHAPTER 4: Synthesis of high alumina cements by novel co-melt precursors and their implementation as castables with some micro fine additives	61–86
CHAPTER 5: Auto-combustion processed nano high alumina cements and their implementation as bauxite based low cement castables	87–118
CHAPTER 6: Mechano-chemically synthesized high alumina cements and their implementation as low cement castables with some micro-fine additives	119–152
CHAPTER 7: Summary and conclusions	153–155
CHAPTER 8: References	156–168
Appendix	
List of publications	169
Reprints of published research papers	
Personal profile of the candidate
