

ACKNOWLEDGEMENT

This thesis arose in part out of years of research that has been done since I joined School of Biomedical Engineering, IIT (BHU), Varanasi. I worked with number of people who contributed in assorted ways to the research and helped in the making of the thesis undoubtedly deserved special mention. It is my pleasure to convey my gratitude to all of them in my humble acknowledgment.

At first, I would like to extent my gratitude to my supervisor **Prof. Ranjana Patnaik** for her supervision, advice and guidance from the very early stage of this research as well as giving me extraordinary experiences throughout the work. Above all and the most needed, she provided me unflinching encouragement and support in various ways. Her scientific intuition has made her a constant oasis of ideas and passions in science, which exceptionally inspired and enriched my growth as a student, researcher and a scientist which I want to be. I am indebted for all her cooperation she has extended.

I am equally thankful to my co-supervisor **Dr. Neeraj Sharma**. His in-depth knowledge, and guidance at each and every step of the work, enabled me to do this research.

I would like to acknowledge **Prof. Amit Kumar Ray, Prof. Nira Misra, Dr. Shiru Sharma and Dr. Sanjay Kumar Rai** for their critical suggestions and encouragement throughout the study. I would like to extend my profound thankfulness to **Dr. Tapas Kumar Sinha**, Associate Professor, Computer Centre, North-Eastern hill University, Shillong for his valuable suggestions.

I would like to extend my indebtedness to **Dr. Dinesh Bhatia, Dr. Nachiketa Rout** for their valuable suggestions and encouragement throughout my education career. I thank all the teachers of my school days, graduation and post-graduation for laying my foundations.

I sincerely acknowledge my senior colleagues, **Dr. Sandeep Jaiswal, Dr. Anand Kumar Pandey, Dr. Pallab Bhattacharya, Dr. Shilpa Jaiswal and my junior colleagues especially Mr. Nishant Singh and Mr. Sanjay Saxena** for their impartial support and encouragement throughout my research work. I also extend my special thanks to **Mr. Ajay Kumar Yadav and Mr. Hari Narain for their constant support and technical assistance during my research work.** It is with immense pleasure I express my thankfulness to my senior batch mates and intimate friends for their support, love and motivation in all my efforts during the course of my work.

I am grateful to UGC, Govt. of India for providing me fellowship for the research. I thank the authorities of Central Animal House, BHU for readily providing animals for this work.

I thank all the non-teaching office staff of our department for their timely help and co-operations. My special thanks to the authorities and staff of Indian Institute of Technology, Banaras Hindu University for their help and co-operation.

I am speechless! I can barely find words to express all the wisdom, love and support given to me by my beloved parents, Mr. Pravash Chandra Paul, Mrs. Rina Paul and my beloved wife Mrs. Pinki Paul for their unconditional love, fidelity, endurance and encouragement. I express my deep gratitude for their love without which this work would not have been completed.

There are so many others whom I may have inadvertently left out and I sincerely thank all of them for their help.

My tribute to the number of animals who have paid a price with their lives and suffering in the name of human protection. I pay my tribute to their sacrifice and pray that it is not in vain.

SUDIP PAUL
