

ACKNOWLEDGEMENT

First of all, I would like to salute to lord Shiva, the reigning deity of holy city Kashi for making my research journey fruitful. There have been so many persons directly or indirectly helped me in the completion of this research work. I would like to express my heartfelt gratitude and indebtedness towards my supervisor **Dr. Subir Das**, Professor, Department of Mathematical Sciences, IIT (BHU), Varanasi for accepting me as his Ph.D. student and for his enthusiastic guidance, continuous support, and assistance. I am deeply indebted to my supervisor for their stimulated suggestions and continuous encouragement without his keen supervision and sagacious guidance it would not have been possible for me to complete the work. I especially thank him for introducing me to a very exciting and fruitful research field '**Porous Media**', sharing his vast knowledge and teaching me. I also learned from him which is much more than one could have expected from the supervisor.

I would like to pay my heartfelt regards to Ms. Sudipta Chakraboti, Associate Professor, Department of Electrical Engineering, B. P. Poddar Institute of Management and Technology, Kolkata for her encouragement and support.

I would like to express my sincere thanks to Prof. L. P. Singh, Head, and Prof. Rekha Srivastava, Convener of DPGC of the Department of Mathematical Sciences, and the RPEC Members Prof. S. Mukhopadhyay and Prof. P. Ghosh for their support throughout my research work. I acknowledge my deep sense of gratitude to all the Faculty Members of the Department of Mathematical Sciences for their valuable suggestions, appreciation, and encouragement. I am also grateful to all non-teaching staff members of the Department for their support.

I would also like to thank my seniors Dr. Vivek Mishra and Dr. Sana Parveen Ansari for their sincere help. I am thankful to all my colleague researchers Dr. Prashant K. Mishra, Mr. Neeraj

ACKNOWLEDGEMENT

Kumar Tripathi, Mr. Ajit Kumar Singh, Ms. Pragya Singh, Mr. Anup Singh, Mr. Rakesh Kumar and Ms. Anuwedita Singh of the Department of Mathematical Sciences for providing spontaneous support during writing the thesis and also for keeping me in good spirits.

I am grateful to the Indian Institute of Technology (BHU), Varanasi, India for providing the financial support.

Lastly, and most importantly a special thanks to my family, I feel a deep sense of gratitude to my Father Late Mr. Santosh K. Jaiswal, Mother Mrs. Sushila Jaiswal, elder Sister Mrs. Poonam Rani Jaiswal, elder brother Mr. Aman Jaiswal and my dear one who formed part of my vision and taught me the good things, continued care and love that really matter in life. They are responsible for what I am today. Their continuous encouragements and endless patience have been the cornerstone of my life. Thus my gratitude for them is beyond expression through words.

Finally, I extend my thanks to very understanding better half Anuja Yadav for making so many sacrifices being my best friend and a true soul mate.

Last but not the least again; I bow down before the almighty Lord Shiva who made my dream come in true.

Above all, I bow down before the **Almighty** who made my dream a reality.
