

ACKNOWLEDGEMENTS

The accomplishment of this dissertation work became possible only due to sincere contributions from several persons, to whom I owe immense gratefulness.

At first, I would like to thank DST-INSPIRE, India for providing financial support in form of JRF-Professional fellowship to carry out my doctoral research.

I express my hearty indebtedness to my respected supervisor *Prof. R. M. Banik* for his constant motivation and expert guidance during my research tenure. I would like to extend my sincere and respectful thanks to coordinator of School of Biochemical Engineering, IIT (BHU) for providing all necessary facilities to carry out my Ph.D. work. I would also like to express my sincere gratitude to other faculty members of the department *Prof. S. K. Srivastava, Prof. Subir Kundu, Prof. Mira (Debnath) Das, Dr. Pradeep Srivastava and Dr. Abha Mishra* for their valuable suggestions and kind cooperation for the successful completion of the work.

I am highly thankful to *Dr. Nimrat Bawa* (Director, NBE institute, Defence Colony, New Delhi) for allowing me to carry out cell line study of my part of research work and providing me all support whenever I needed. I am also thankful to senior scientists *Dr. Y. K. Singh* and *Mr. S.K. Gupta* in same institute for giving valuable suggestions and technical help to carry out the experiments in the lab. My vote of thanks goes to *Mr. Jugindra Singh*, Technical analyst in Jawaharla Nehru University, New Delhi, for availing MALDI-TOF/MS spectroscopy facility and characterization of my enzyme samples.

My special thanks goes to *Dr. Ashish Chandra Trivedi*, Scientist, Bioinformatics Division, Innovative life discoveries, Gurgaon, Haryana and *Mr. Anshul Tiwari*, Research scholar,

Department of Ophthalmology, King George's Medical University, Lucknow, for helping me in study of homology modeling and docking analysis of L-glutaminase enzyme.

I am greatly thankful to my dear friends, *Ms. Mukty Sinha, Ms. Pooja Agarwal, Ms. Sanjana Mehrotra, Ms. Samantha Pyngrope, Mrs. Pramila Chaubey* for providing me their help and moral support during completion of my Ph.D. work. I extend my heartiest thanks to other research scholar of the department *Dr. R. K. Gundampati, Mr. Ashutosh Tripathi, Mr. Abhishek Dutt Tripathi, Mr. Swet Chandra Shukla, Mr. Yogendra Kr. Singh, Mr. Neeraj gupta, Mr. Sourish Karmakar, Mr. Devendra Kr. Verma, Mr. Shailendra Singh Shera, Ms. Shalini Singh, Mrs. Shraddha Sahu, Ms. Shipra Deep* for providing me favorable environment in the laboratory.

I would like to say my thanks to *Mr. Lok Nath Singh, Mr. Ramashankar Singh, Mr. Ramji Yadav, Mr. Rajendra Prasad, Mrs. Usha Yadav, Mr. Dinesh Kumar, and Mr. Awinash Kr. Srivastava* for getting their technical supports during my Ph.D. work.

I express my infinite gratitude to my father, mother and adorable siblings for their unconditional love, support and sacrifices that they made throughout life of my education. I am very much grateful to my husband *Mr. Y. K. Singh* for his constant moral support and encouragement during my research work.
