

ACKNOWLEDGEMENTS

*First of all, I would like to express my sincere gratitude towards my supervisor, **Professor Dhananjai Pandey**, for his guidance, support and valuable suggestions throughout my Ph. D. work. His constant monitoring and interest in my work over the last eight years will always remain as a happy memory. His patient and enthusiastic approach for my training in the field of crystallography, multiferroics and structural phase transitions cannot be expressed in words and I will always remain thankful to him.*

Besides my supervisor, I would like to express my gratitude towards the faculty members of the School, Prof. Rajiv Prakash, Prof. Pralay Maiti (Coordinator, School of Materials Science and Technology, IIT, BHU), Dr. Chandana Rath, Dr. Akhilesh Kumar Singh, Dr. Chandan Upadhyay and Dr. Bholanath Pal for providing constant encouragement and invaluable suggestions during various phases of the research work which greatly helped me to complete my work with confidence.

I would also like to thank Prof. Om Prakash Department of ceramic engineering for their cooperation, suggestion and encouragement during my research work.

I am very grateful to Prof. Y. Kuroiwa and Dr. C. Moriyoshi, Department of Physics, University of Hiroshima, Japan for providing powder synchrotron x-ray diffraction data. I am thankful to Prof. H. Fuess and Dr. A. Senyshyn, Institute of Materials Science, Structure Research, Darmstadt University of Technology, Germany and Dr. S. Kennedy and Dr. A. Studder for providing powder neutron diffraction data. I would also like to thank Dr. Perumal Alagarsami for providing magnetization data.

I would also like to thank Dr. Jai Prakash Singh Principal Govt. P. G. College Musafirkhana Amethi along with senior faculty members Dr. A. P. Singh and Dr. M. C. Yadav for continuous encouragement and support to complete my Ph. D. work. I would also like to thank my colleagues and friends Dr. (Mohd.)Abid, Dr. Neelam Maurya, Dr. R. S. Yadav, Dr. B. M. Yadav and Mr. Suresh Kumar Patel for providing pleasant, encouraging and friendly environment in college.

I would also like to express my extreme gratefulness towards my seniors; Dr. S. P. Singh, Dr. S. Gautam, Dr. S. Tripathi, for giving me moral support, pleasant company and confidence to complete my work with a 'smile'.

All along the period of my research, my colleagues in the School provided an exciting, comfortable and mutually beneficial atmosphere. In this regards Dr. Shuvrajyoti Bhattacharjee, Dr. Arun Kumar Singh and Dr. Anar Singh deserve special mention and thanks.

I am also thankful to my juniors; Mr. R. S. Solanki, Mr. Pappu Harijan, Mr. A. K. Pandey, Mr. S. Pandey and Mr. Susheel Kumar for providing pleasant, encouraging and friendly environment.

It fills me with a deep sense of reverence when I think about my parents Sri Ram Sewak Deepnarayan Patel and Smt. Janawati Devi. Their constant encouragement, moral support and co-operation at every step of my life cannot be expressed in words. I am thankful for their love and blessings. I am greatly thankful to my sisters Mrs. Mamata and brothers Mr. Pradip Kumar Patel and Ram Prakash Patel for their continuous support and encouragement throughout my life. My special thanks to my wife Dr. Kusum Verma and beautiful child Yashika Patel for their love and affection. My affection and well wishes are always with them.

I would fail in my duty if I do not express my gratitude towards all technical and non-technical staff of the School. I express my heartfelt gratitude towards them for all the help they rendered during my stay in the campus.

Financial assistance from University Grant Commission (UGC) India is great fully acknowledged.

*Finally, I am grateful to **The Almighty God** for giving me strength to face all the challenges of life.*
