

ACKNOWLEDGEMENT

First and foremost, I wish to express my deepest gratitude to my esteemed supervisor, **Dr. Subir Das**, Associate Professor, Department of Mathematical sciences, Indian Institute of Technology (BHU), Varanasi, for his professional assistance, consistent support and motivation throughout the duration of my doctoral research towards the final completion of this thesis. I benefit a lot from his scientific passion, his broad interdisciplinary knowledge and his research experience, and such a great influence will follow me in all my life.

I would like to express my deep sense of gratitude to the **Prof. Om P. Singh**, Head, Department of Mathematical sciences, for encouraging me and providing me all facilities to carry out my research work. I acknowledge my sincere thanks to all faculty members of Department of Applied Mathematics for their valuable suggestions and inspiring guidance throughout my research work. My especially heartfelt thanks go to **Prof. Sri Ram, Prof. Rekha Srivastava, Prof. T. Som, Prof. L. P. Singh, Prof. S. K. Pandey, Dr. Santwana Mukhopadhyay, Dr. S. K. Upadhyay** and **Dr. A. G. Gupta** for their instructive suggestions, support and continuous encouragement.

I would like to take this opportunity to thank to the members of RPC, **Prof. T. Som, Dr. Rajeev** and **Dr. P. Ghosh**, for their useful comments. I also would like to express my sincere thanks to all members of DPGC for their unfailing support and suggestions.

I am thankful to all nonteaching staff members of the Department for their valuable help. It has been a privilege to work together with the intelligent and friendly colleagues **Dr. Rajnesh, Dr. Mayank, Dr. Shweta**,

Ms. Savita, Mr. Vivek, Mr. Vijay, Mr. Prashant and all research scholars in the Department for their good company, co-operation and generous help. Especially, I would like to thank **Dr. Saurabh** for his support, valuable suggestions, encouragement and fruitful collaboration throughout my Ph.D. study.

Many thanks and extremely grateful acknowledgement for providing me generous financial support goes to TCS Research Scholar Program, TCS India.

Most importantly, I would like to express my heartfelt gratitude to my family, for unconditional love, prayers, support and best wishes through my life. Words fail to express my immense appreciation for my father, who has been a great source of motivation, inspiration and endless support in every aspect of my life. My deepest gratitude goes to my mother for her extreme patience, continued care and love. I also want to give special thanks to my sister **Saba** and my mother in-law, for their support, encouragement and endless love. Without you all, this work would not have been possible.

Last but not least, I am indebted to my dearest husband, **Er. M. A. Ansari** for his invaluable support, priceless love, considerate care and moral motivation.

Above all, all praise is due to Allah, the Almighty, who gave me the opportunity, strength, and patience to carry out this work and making my dream come true.
