## Acknowledgement

This is great opportunity to owe immense gratitude to my esteemed supervisor *Dr. Kalyani Mohanta*, for her consistent encouragement, co-operation and suggestions. I would like to thank my respected Co-supervisor *Prof. Devendra Kumar* for his support and suggestions.

My sincere thanks to *Prof. Om Parkash*, for his assistance in completing my research work.

I am thankful to *Prof. Ram Pyare*, Head of the Department of Ceramic Engineering, Banaras Hindu University for providing necessary lab facilities and a pleasant working atmosphere in the Department. I am also indebted to Prof. S.P Singh, Dr. Anil Kumar, Dr. Vinay Kumar, Dr. Manas Ranjan Majhi and Dr. Pradeep roy for their helps whenever I approached. I am grateful to all the non-teaching staff of the Department of Ceramic Engineering and my friends and colleagues who have offered me their advice, wisdom, cooperation and timely help.

I am also grateful to Prof. Kedar Singh and his research group, Department of Physics, BHU, Varanasi as well as Department of Metallurgy, IIT Powai for providing experimental facilities.

I am also grateful to CSIR, for providing me financial support for three years of my research work, without which this research would not be possible.

I want to thank my parents and all family members for their continuous encouragement and motivation which has made completion of my research work.

Finally, I am sincerely thankful to the almighty God, who has empowered and blessed me in successful completion of my research work.
