

ACKNOWLEDGEMENTS

The journey of my Ph.D. study is compilation of learning new things, experience new ideas and understanding machinery. This journey has been joyful as well as painful. I got opportunity to work with acknowledged and learned people. I would like to thank all those people who made this thesis possible and an unforgettable experience for me. All that I have done is only due to supervision and assistance. There would be no any progress without their generous and earnest support.

First and Foremost, I would like to express my immense gratitude and indebtedness to my respected supervisor Prof. S. P. Singh for his sagacious guidance, encouragement and valuable time. I am fortunate enough to done my Ph.D. study under such a great person with deep knowledge, patience, discipline, generosity and truthfulness. His extensive experience, immense knowledge, and expertise in the field of Microwaves, have been extremely helpful in solving various technical problems through all phases of this research. The completion of this research work is truly an outcome of his constant untiring support, valuable ideas and suggestions during my research work. The insightful discussions with him always provided me great enthusiasm.

I owe my heartiest sense of obligation to my co-supervisor Dr. Manoj Kumar Meshram (Associate Professor at IIT-BHU) for his consistent support, encouragement and invaluable suggestions throughout my research . It is his enlightened guidance and vision and generous support that made it possible for me to finish this work within stipulated time. I would also like to thanks, Prof. P. K. Jain for facilitating me with the measurement system during the research period. I am also thankful to Prof. K. P. Singh, Prof. S. Jeet, Prof. Devendra Singh (Electrical Engineering, IIT-BHU), Dr. M. Thottappan, Dr. Somak Bhattacharyya, and Dr. A. Pandey for their endless suggestions, co-operation, and academic guidance.

My profound gratitude to Prof. V. N. Mishra, Head, Department of Electronics Engineering, IIT (BHU), Varanasi by providing me all the necessary facilities, effective management, and support for the success of this work. I would also like to acknowledge ministry of human resources and development (MHRD), India for providing financial support in terms of teaching assistantship.

I heartily thank Dr. Soni Singh for encouragement, motivation, guidance and more over her timely support till the submission of my Ph.D. thesis. Fruitful discussion, expertise in simulation tools and fabrication of prototypes with her helped me a lot in accomplishing my research work. My special thanks to Mr. Veer Singh Gangwar (Scientist, LRDE, DRDO) particularly for technical discussion, Mr. Rajesh Singh (Scientist, CABS, DRDO) for Moral Support and Mr. Vikas Sahu, a younger brother for his selfless help during thesis submission.

My sincere appreciation also goes to Mr. Jayram, Technical Superintendent, of Microwave Lab, for his kind assistance during measurements. Also, I would like to extend my sincere esteems to Mr. K. K. Srivastava and all staff in office and library for their timely support, help and friendly behaviour in all the way.

My delightful thanks and appreciation also go to my lab mates and fellow doctoral students Mr. Mayank Agarwal, Mr. Sudhir Bhaskar, Mr. Arun Kumar Saurabh, Mr. Saurabh Kumar Srivastava, Dr. Pradutt Kumar Bharti, Dr. Hari Shankar Singh, Dr. Madan Singh Chouhan, Mr. Ashis K. Behera, Dr. Ekta Goel, Mr. Gopal Rawat, Mr. Yogesh Kumar, Mr. Sanjay Kumar, Mr. Hemant Kumar, and Ms. Preeti Kumari for their co-operation and of course friendship. They shared their knowledge in all the possible way to complete the Ph.D. thesis and made me joyous during my tough time. Further, I would not forget to remember my special thanks to Mr. Pankaj Tripathi, Mr. Ramnarayan Ahirwar, and Mr. Ashish Rai (Scientist, DRDO) for making my life with full of joyness and experiences for whole life.

Last but not least, I wish to extend my ultimate sense of respect to my Father Mr. Ram Kishor Sahu, my mother Mrs. Girija Sahu and my elder brother Mr. Umesh Sahu for taking all pain in nurturing me and providing the best possible education and unfailing support. They are always the backbone and origin of my happiness. Their love and affection, blessing, and moral support without complaint or regret have empowered me to complete the work.

Finally, I praise Lord Almighty, and merciful “Sankat Mochan Hanuman Jee” and “Kashi Vishwanath” for providing me strength and courage in completing the work.
