## List of Publications

1. **Shubhankar Anand** and Pradeep Srivastava, Optimization Strategies for Purification of Mycophenolic Acid Produced by *Penicillium brevicompactum*, *Applied Biochemistry and Biotechnology*, 191(2), 867-880 (2020).
2. **Shubhankar Anand** & Pradeep Srivastava. (2021). Comparative Study for the Production of Mycophenolic Acid using *Penicillium brevicompactum* in Batch, Fed-batch and Continuous Fermentation Process. *Biointerface Res. Appl. Chem*, 12(1), 366-376.

### Book chapter

3. Analyzing Gene Expression Through Real-time PCR While Neo-tissue Regeneration Using Developed Tissue Constructs (2020), Singh Divakar, Satyavrat Tripathi, Rupika Sinha, **Shubhankar Anand**, Hareram Birla, Arun Kumar, Smita Gupta and Pradeep Srivastava, *Protocols used in Molecular Biology*, ISBN: 978-9-81143-929-2, Bentham Science.
