

LIST OF TABLES

Table 1.1	Annual renewable energy installed capacity and percentage T&D losses in India	12
Table 3.1	Future electricity demand of India along with other major regions and their percentage of growth	94
Table 4.1	List of feasible renewable distributed generation alternatives at BHU campus	106
Table 4.2	Criteria used in selection of best renewable distributed generation technology at BHU campus	106
Table 4.3	Criterion values for each alternative	107
Table 4.4	Benefit and cost values	108
Table 4.5	Ranking of given alternatives with their S and R values	109
Table 4.6	Values of ideal solution “Q” for different values of ν	109
Table 5.1	Parameters results for the proposed distributions	130
Table 5.2	Goodness-of-fit test results	130
Table 6.1	Comparison between conventional and smart grid	142
Table 6.2	Parameter values of proposed distributions	155
Table 6.3	Goodness-of-fit test results	156
Table-7.1	Input Data	182
Table-7.2	Optimal Solutions	182
