Table.1.1. Example of some perovskite explains property application and their use	9
Table.1.2. Physical properties and applications of some ceramic materials.	12
Table 1.3. Shows polarization mechanism of dielectric materials.	19
Table 1.4. High dielectric constant of few oxide compounds	23
Table 2.1. The chemicals used for synthesis of BCTO, BLTO and their Composites	47
Table 6.1. Value of d spacing, 2θ and (h k l) correspond to SAED and HR-TEM pattern of BCLT-91 composite	108
