Table 2. 1 Comparison of relative CO ₂ emissions from different electricity generation systems (units: g CO ₂ /kWh) [1-2, 67]	20
Table 2. 2 Summary of Solar Cell Efficiencies [57-58].....	24
Table 2. 3 RF source technology for SSPS [17-23]	25
Table 2. 4 SSPS prototype parameters	38
Table 3. 1 Spice parameters for commercially available Schottky diodes, Avago HSMS-286X [82]	53
Table 4. 1 Comparison of previous high-frequency rectifiers for energy harvesting application	86
Table 5. 1 geometric parameters of array elements	92
Table 5. 2 Comparison of previous high-frequency rectifiers for energy harvesting application	102

Table 6. 1 Components Model and Specification..... 114

Table 6. 2 Comparison among previous high-frequency rectifiers for energy storage application..... 117
