

List of Publications

- [1]. Yadav V. K., **Prasad G.**, Som T. and Das S.
Combined synchronization of time-delayed chaotic systems with uncertain parameters
Chinese Journal of Physics 55 (2017) 457–466
- [2]. Yadav V. K., **Prasad G.**, Srivastava M. and Das S.
Combination-Combination phase synchronization among non-identical fractional order complex chaotic systems via nonlinear control
International Journal of Dynamics and Control, 2017 (communicated).
- [3]. Yadav V. K., **Prasad G.**, Srivastava M. and Das S.
Triple compound synchronization among eight chaotic systems with external disturbances via nonlinear approach
Differential Equations and Dynamical Systems, 2017 (communicated).
- [4]. Singh P.K., **Prasad G.** and Som T.
An analytical algorithm for fractional (1+1) dimensional nonlinear Boussinesq equation by homotopy analysis method
Nonlinear Sci. Lett. A, Vol.8, No.3, pp.276-288, 2017
