

ACKNOWLEDGMENTS

The work incorporated in this thesis entitled “Study On Non-Fourier Heat Conduction Models For Coupled Thermo-Mechanical Problems” has been carried out entirely under active and stimulating guidance of Dr. Santwana Mukhopadhyay, Professor, Department of Mathematical Sciences, Indian Institute of Technology (Banaras Hindu University), Varanasi, India.

I am really indebted to my supervisor Dr. Santwana Mukhopadhyay for her valuable suggestions, constant encouragement and motivations without which the thesis would not have been completed. It is my pleasure to express my heartiest gratitude and deepest respect to her for helping me to learn the subject and to develop an interest for further research in this area.

I would like to thank Prof. L.P. Singh (Present Head of the Department), Prof. R. Srivastava, Prof. K.N. Rai, Prof. S. Ram, and Late Prof. O.P. Singh (Former Heads of the Department) for their kind support and for extending all necessary facilities to carry out my Ph.D. work smoothly.

I would also like to thank Prof. Subir Das, Department of Mathematical Sciences, Dr. Pabitra Ranjan Maiti, Associate Professor, Department of Civil Engineering and Prof. N.K. Mukhopadhyay, Professor (Present Head of the Department, Metallurgical Engineering, IIT-BHU) for their constant moral support, suggestions and encouragement during my research work.

I would like to express my deep regards towards all the faculties of my department: Prof. T. Som, Prof. S.K. Pandey, Prof. S.K. Upadhyay, Dr. Rajeev, Dr. A.J. Gupta, Dr. V.K. Singh, Dr. R.K. Pandey, Dr. A. Banerjee, Dr. D. Ghosh, Dr. L. Sivakumar, Dr. S. Kumar for their kind support and motivations at all moments during the progress of my research.

I am extremely thankful to my seniors Dr. Rakhi Tiwari and National Post Doctorate Fellow Dr. Anirban Lakshman for their kind suggestions and valuable support to complete my research work.

I am also enormously thankful to all PhD scholars in the department specially Mr. Anil Kumar, Ms. Bharti Kumari, Ms. Manushi Gupta and Mr. Om Namha Shivay for their kind co-operation and making my stay in Varanasi so memorable.

I am indebted to my father, Late Mr. Vipati Prasad for his care and love. He always believed in my ability to be successful in the academic arena. Although, he is no longer with us but his belief in me has made this journey possible. He had never complained in spite of all the hardships in his life. He is forever remembered. I am sure he shares our joy and happiness in the heaven.

My mother Mrs. Siya Kali and all my elder brothers Mr. Rakesh Kumar Prajapati, Mr. Suresh Kumar, Mr. Sunil Kumar, and Mr. Anil Kumar have always been strong pillar of support for me and my research work would not have seen the days light without their constant motivation, care and love. I owe them a lot. It is my pleasure to convey thanks to them for their support, inspiration and moral support during my Ph.D. program. A special thanks to my younger brother Kunwar for his love and affection.

I feel great pleasure to thank all the non teaching staffs of my department for their help during my research work.
